

The LGBTQ+ Gap: Recent Estimates for Young Adults in the United States

Marc Folch
University of Chicago

LGBTQ+ in the United States

LGBTQ+ [rights/attitudes](#) have rapidly improved in the last decades:

- ▶ **2015:** Same-sex Marriage Law.
- ▶ **2020:** Labor Market Anti-Discrimination Law.
- ▶ **2021:** 70% of adults favor same-sex marriage (Gallup Survey).
- ▶ **2022:** One in five Gen Z adults identify as LGBTQ+ (Gallup Survey).

This Paper:

What is the current [socioeconomic/health](#) situation of the LGBTQ+ youth?

Literature Review

Earnings:

- ▶ **Gay penalty and lesbian premium.** *Klawitter (2015), Valfort (2017), Aksoy et al. (2018), Burn (2019), Badgett et al. (2021), Drydakis (2022), and, Jepsen and Jepsen (2022)*
- ▶ **Gay and lesbian premium.** *Carpenter and Eppink (2017)*
- ▶ **Penalty for young cohabitating lesbians.** *Martell (2019)*
- ▶ **Bisexual penalty.** *Drydakis (2022)*
- ▶ **Transgender penalty.** *Geijtenbeek and Plug (2018), Carpenter et al. (2020), Campbell et al. (2021), and, Shannon (2021)*

Health:

- ▶ **LGBTQ+ negative gap.** *Meyer (2003), Valfort (2017), Hatzenbuehler et al. (2012), Wight et al. (2013), Raifman et al. (2017), Carpenter et al. (2021), and, Chen and van Ours (2022).*

Contributions

New survey data: Baccalaureate and Beyond Longitudinal Study

- ▶ +10k college graduates + rich set of additional characteristics.
- ▶ Full spectrum of self-identified LGBTQ+ individuals.
- ▶ Panel component: 1, 4, 10 years after graduation.
- ▶ Info. about concealment in work, family and social environments.

Findings:

- ▶ Penalty in earnings and mental health for LGBTQ+ males and females.
- ▶ Earnings penalty increases over graduates career.
- ▶ Half of the earnings penalty can be attributed to career sorting.
- ▶ Closeted graduates experience more pronounced penalties.

B&B Data: Description

Baccalaureate and Beyond Longitudinal Study (B&B):

- ▶ Survey of students who completed a **BA degree** in a given academic year.
- ▶ Conducted by the U.S. **Department of Education**.
- ▶ **Representative** sample of graduating seniors in all majors and colleges.
- ▶ Respondents followed **1, 4 and 10** years after graduation.
- ▶ **Survey includes:** demographic characteristics, family background and labor market experiences, among many other variables.
- ▶ **B&B:08/18:** sexual orientation and gender identity/expression.
- ▶ **B&B:16/17:** sexual orientation, gender identity/expression, sexual orientation concealment, and, mental health.

B&B Data: LGBTQ+ graduates

Someone's emotional or physical attraction to the same and opposite sex:

“lesbian or gay, that is, homosexual”, “straight, that is, heterosexual”, “bisexual”, “another sexual orientation”, and, “questioning or unsure”.

Gender identity and expression:

“male”, “female”, “transgender, male-to-female”, “transgender, female-to-male”, “genderqueer or gender nonconforming”, “a different gender identity”, “questioning or unsure”, and, “more than one gender”.

Reporting Bias?

Survey mostly conducted via Web.

No missing observations.

High fraction of closeted graduates.

B&B Data: Earnings and Mental Health

Earnings:

B&B:16/17: salary for their most recently started job (within 12 months after BA completion).

B&B:08/18: salary for their current primary job (10 years after graduation).

Mental Health: “What is the main type of condition/impairment you have?”

B&B:16: “**depression**”, “**anxiety**”, “hearing impairment”, “blindness or visual impairment”, “speech or language impairment”, “orthopedic or mobility impairment”, “specific learning disability or dyslexia”, “attention deficit disorder (ADD or ADHD)”, “autism, Asperger’s syndrome, or other developmental disab.”, “traumatic brain injury (TBI)”, and, “other”.

B&B:16/17: “**learning, mental, emotional or psychiatric condition**”, “blindness or visual impairment”, “hearing impairment”, “orthopedic or mobility impairment”, “speech or language impairment”, and, “other health impairment or problem”.

Descriptive Statistics (B&B:2016/17)

	Males		Females	
	Straight Cis.	LGBTQ+	Straight Cis.	LGBTQ+
	(1)	(2)	(3)	(4)
LGBTQ+	91.6%	8.4%	88.2%	11.8%
Gay/Lesbian	-	50.5%	-	19.5%

Bisexual	-	19.0%	-	50.2%
Another Sexual Orientation	-	4.6%	-	15.1%
Don't know	-	8.3%	-	6.1%
Non-cisgender or non-conforming	-	18.6%	-	13.6%
Earnings and Mental Health				
Earnings from Primary Job (2018)	\$ 87,154 [61,616]	\$ 68,342 [43,743]	\$ 64,506 [42,860]	\$ 55,037 [35,181]
Depression (2008)	1.1%	1.7%	1.4%	4.3%
Observations	4,600	300	6,300	500

Descriptive Statistics (B&B:2008/18)

	Males		Females	
	Straight Cis.	LGBTQ+	Straight Cis.	LGBTQ+
	(1)	(2)	(3)	(4)
Students Characteristics (2018)				
Moved from state of legal residence	35%	47.6%	31.3%	45.6%
Single, never married	33.3%	65.3%	29.6%	46.8%
Living with partner	68.1%	49.1%	71.6%	61.8%
With dependent children	45.5%	10.7%	53.8%	30.6%
Region of residence:				
Northeast	23.7%	27.0%	23.8%	23.3%
Midwest	26.5%	29.0%	27.4%	22.1%
South	32.8%	25.5%	33.5%	31.7%
West	17%	18.4%	15.3%	23.0%
Observations	4,600	300	6,300	500

Estimation

Estimate separately for both cohorts of college graduates:

$$Y_i = \alpha + \beta \text{LGBTQ}_i + \gamma F_i + \Gamma X_i + \epsilon_i$$

- ▶ Y_i : student outcome (log. earnings, mental health).
- ▶ $\text{LGBTQ}_i = 1$ if student self-identified as LGBTQ+.
- ▶ $F_i = 1$ if student sex assignment at birth was female.
- ▶ α : straight cisgender male student.
- ▶ X_i :
 - At graduation: age, race/ethnicity, parents' income (for dependent students) or student's income (for independent students), GPA and college selectivity.
 - At interview: marital status, cohabitating status, the presence of dependent children, mobility and region of residence.

Conclusions

- ▶ **Penalty** in earnings and mental health for LGBTQ+ males and females.
- ▶ Earnings penalty **increases** over graduates career.
- ▶ Half of the earnings penalty can be attributed to **career sorting**.
- ▶ Evidence of significant LGBTQ+ workplace **discrimination**.
- ▶ Many still in the **closet (specially at work)**.
- ▶ **Closeted** graduates experience more pronounced penalties.
